# Senior Medical and Dental Officer Salary Survey

1 JULY 2009

---

This is the Association's 16<sup>th</sup> survey of full time equivalent (FTE) salaries for senior medical staff at district health boards and their predecessors. Employers were asked for the number of staff on the base salary steps of the scale in the collective agreement covering senior medical officers as at 1 July 2009. The survey reports on FTE base salaries. It does not take into account:

- hours worked in excess of 40 hours per week (i.e. those hours recognised through job sizing);
- the availability allowance; or
- any other special enhancements.

It shows where doctors covered by the DHB MECA negotiated by the ASMS are on the salary scales.

The information supplied by DHBs was on 3457 specialists (1033 females and 2424 males) and 522 medical and dental officers (249 females and 273 males).

In 2001 we asked for a breakdown by gender for the first time. In the past some DHBs have not been able to supply the information in that form. This is the fourth year where a gender breakdown has been universally available. The results are set out in Tables 3.1 and 3.2, and 4.1 and 4.2 which show the distribution of males and females in each DHB by salary step.

## NATIONAL FTE MEAN BASE SALARY INCREASE

Table 1.1 summarises national trends. On 30 June 1993 the mean FTE specialist base rate was \$85,658. By 1 July 2009 this had increased to \$170,578 (a raw increase of about 99.1% since 1993). This represents a 6.6% increase on the 2008 mean.

For medical and dental officers the equivalent salary movement to 1 July 2009 was from \$67,457 on 30 June 1993 to \$132,383 (a raw increase of about 96.2%). This represents a 6.0% increase on the 2008 mean.

## EMPLOYER SUPERANNUATION CONTRIBUTIONS

For some years the Association has collected information on membership of superannuation schemes. Employees who have a contribution made by their employer to their superannuation were collated into groups. The NPF Defined Benefit, NPF Defined Contribution and GSF schemes have been amalgamated in the summary.

Table 5 sets out this information.
