# Senior Medical and Dental Officer Salary Survey

1 JULY 2010

---

This is the Association's 17<sup>th</sup> survey of full time equivalent (FTE) salaries for senior medical staff at district health boards and their predecessors. Employers were asked for the number of staff on the base salary steps of the scale in the collective agreement covering senior medical officers as at 1 July 2010. The survey reports on FTE base salaries. It does not take into account:

- hours worked in excess of 40 hours per week (i.e. those hours recognised through job sizing);
- the availability allowance; or
- any other special enhancements.

It shows where doctors covered by the DHB MECA negotiated by the ASMS are on the salary scales.

The information supplied by DHBs was on 3,533 specialists (1,064 females and 2,469 males) and 548 medical and dental officers (254 females and 294 males).

In 2001 we asked for a breakdown by gender for the first time. In the past some DHBs have not been able to supply the information in that form. This is the fifth year where a gender breakdown has been universally available. The results are set out in Tables 3.1 and 3.2, and 4.1 and 4.2 which show the distribution of males and females in each DHB by salary step.

## NATIONAL FTE MEAN BASE SALARY INCREASE

Table 1.1 summarises national trends. On 30 June 1993 the mean FTE specialist base rate was \$85,658. By 1 July 2010 this had increased to \$171,977 (a raw increase of about 100.8% since 1993). This represents a 0.8% increase on the 2009 mean.

For medical and dental officers the equivalent salary movement to 1 July 2010 was from \$67,457 on 30 June 1993 to \$132,881 (a raw increase of about 97.0%). This represents a 0.4% increase on the 2009 mean.

## EMPLOYER SUPERANNUATION CONTRIBUTIONS

For some years the Association has collected information on membership of superannuation schemes. Employees who have a contribution made by their employer to their superannuation were collated into groups. The NPF Defined Benefit, NPF Defined Contribution and GSF schemes have been amalgamated in the summary.

Table 5 sets out this information.

Note 1: some employees have 2 schemes, with a total subsidy of up to 6%, which is what is permitted under the MECA.

Note 2: The 2009 figure for GSF & NPF schemes has been revised up from 456 to 474 following queries of the DHBs as to why their 2010 figures showed an increase in these numbers from 2009 levels given that these schemes were closed to new members in 1992. Several DHBs responded that the 2009 figures had been reported at lower levels than they should have been and provided amended figures.
