Senior Medical and Dental Officer Salary Survey

1 JULY 2012

Introduction

This is the Association's 19th survey of full time equivalent (FTE) salaries for senior medical staff at district health boards and their predecessors. Employers were asked for the number of staff on the base salary steps of the scale in the collective agreement covering senior medical officers as at 1 July 2012. The survey reports on FTE base salaries. It does not take into account:

- hours worked in excess of 40 hours per week (i.e. those hours recognised through job sizing);
- the availability allowance; or
- any other special enhancements.

It shows where doctors covered by the DHB MECA negotiated by the ASMS are on the salary scales in the MECA.

The information supplied by DHBs was on 3,826 specialists (1,207 females and 2,619 males) and 540 medical and dental officers (249 females and 291 males).

In 2001 we asked for a breakdown by gender for the first time. In the past some DHBs have not been able to supply the information in that form. This is the seventh year where a gender breakdown has been universally available. The results are set out in Tables 3.1 and 3.2 which show the mean FTE base salary by gender in each DHB, and 4.1 and 4.2 which show the distribution of males and females by salary step in each DHB.

This year we have added for the first time a headcount of Specialist and Medical officers. Debate over numbers of SMOs in the last two years has shown that figures derived from this survey provide the most accurate count of DHB employed SMOs available.

NATIONAL FTE MEAN BASE SALARY INCREASE

Table 1.1 summarises national trends. On 30 June 1993 the mean FTE specialist base rate was \$85,658. By 1 July 2012 this had increased to \$184,271 (a raw increase of about 115.1% since 1993). This represents a 4.3% increase on the 2011 mean.

For medical and dental officers the equivalent salary movement was from \$67,457 on 30 June 1993 to \$144,488 on 1 July 2012 (a raw increase of about 114.2%). This represents a 5.1% increase on the 2011 mean.

EMPLOYER SUPERANNUATION CONTRIBUTIONS

For some years the Association has collected information on membership of superannuation schemes. Employees who have a contribution made by their employer to their superannuation were collated into groups. The NPF Defined Benefit, NPF Defined Contribution and GSF schemes have been amalgamated in the summary.

Table 5 sets out this information.

Note 1: some employees have 2 schemes, with a total subsidy of up to 6%, which is what is permitted under the MECA.

Note 2: The 2009 figure for GSF & NPF schemes has been revised up from 456 to 474 following queries of the DHBs as to why their 2010 figures showed an increase in these numbers from 2009 levels given that these schemes were closed to new members in 1992. Several DHBs responded that the 2009 figures had been reported at lower levels than they should have been and provided amended figures.
